CHRIS BURGER
ON
THE ECONOMIC MYTH\$ OF

FRACKING

What is this contest between the economic development of fracking and the environment?

Learn about the myths and hype being used by the gas industry and some politicians....to convince us that environmental and health risks are worth the money to be made.

WHEN: Sunday, February 26th 2012
TIME: 4 to 5:30 PM
WHERE: Lafayette Presbyterian Church
865 Elmwood Ave
Buffalo NY

Please use the church entrance near the Lafayette Ave parking lot.

Chris Burger, a Co-Chair of the SC Atlantic Chapter's Gas Task Force, is a college instructor who has degrees in Chemical Engineering, Economics and Social Psychology. His many activities in environmental issues include his being the Co-founder and Chair of the Binghamton Regional Sustainability Coalition. He was a former Broome County Legislator and Chair of the Cornell University Eco-Justice Project.

This program is free and open to the public
